**Demonstration of Complying with Applicable Service Quality Standards and**  
**Consumer Protection Rules**

In establishing this certification in its *2005 ETC Order*,<sup>1</sup> the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”<sup>2</sup> The FCC found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement” and that the sufficiency of other commitments would be considered on a case-by-case basis.<sup>3</sup> In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”<sup>4</sup>

Smart City Telecommunications, LLC (“Company”) hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company is subject to consumer protection obligations under state law. These obligations include, but are not limited to, the following: (1) Filing of Service Schedules pursuant to the requirements of Florida Administrative Code § 25-4.0341 and Florida Statutes, Title XXVII, Chapter 364 Telecommunications Companies, 364.04, which disclose rates to customers; (2) adherence to Florida state consumer protection requirements governing telephone providers for Compliance with Anti-Slamming Procedures as adopted in Florida Administrative Code § 25-4.118; and (3)

**Smart City Telecommunications, LLC**  
**Demonstration of Ability to Function in Emergency Situations**

Smart City Telecommunications, LLC (“Company”) hereby certifies that it is able to function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2)<sup>1</sup>. The Company’s network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. Further, Company has implemented and maintains a Disaster Recovery Plan.

---

<sup>1</sup> Section 54.202(a)(2) requires ETCs that are designated by the Commission to “demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.”

##### b. Emergency Interrupt Service

1. The Company furnishes Emergency Interrupt Service when a subscriber who has originated a Verification Service request to a line which has been found in a busy talking state informs the operator that an urgent or emergency situation exists and requests that the operator have the busy line cleared.
2. A subscriber originated request for Emergency Interrupt to a local number other than an emergency agency number is a chargeable Emergency Interrupt request.
3. An Emergency Interrupt requires a Verification. Both charges are applicable for an Emergency Interrupt request.

##### 2. Application of Rates and Charges

- a. No charge will apply if the requesting customer identifies that the call is to or from an official public emergency agency. An official public emergency agency is defined as a government agency which is operated by the Federal, state or local government, and has the capability and legal authority to provide prompt and direct aid to the public in emergency situations. Such agencies include the local police, state police, fire department, licensed hospitals, etc.
- b. Charges may not be billed on a collect basis or on a third number basis to the number being verified or interrupted.
